

# Student Guide to Accessing WebCT Courses

There are two ways to enter your WebCT course. The preferred method is by going through the student intranet (BCCToday), and accessing your course from there. The second method is by going directly to WebCT. This should only be used if BCCToday is unavailable.

**NOTE:** WebCT courses are usually not available until the first day of classes. Your instructor is responsible for giving you access.

## Option #1 (Preferred for Students): Accessing WebCT Through BCCToday:

1. In your Web browser, navigate to <http://bcctoday.sunybroome.edu> or click on the BCCToday link on the right-side of BCC's homepage ([www.sunybroome.edu](http://www.sunybroome.edu))
2. If you have not logged into BCCToday before and need to obtain a BCCToday username and password, click on the link on the left side of the screen that reads "First time users click here for password setup" and follow the instructions. If you already have your BCCToday Username and password – go to step 3 and log on.
3. Login to BCCToday.

**Note:**

The following browsers are strongly recommended:  
[\[Download here\]](#)  
Windows Internet Explorer 6.0  
Netscape V6.2  
AOL 7.0 Mac OS  
Internet Explorer 5.1  
Netscape V6.2  
AOL 4.5/OSX

**Forgot your password?** - Please go to the HelpDesk located in the Library Building, room L206, or Computing Resources in Business Building, room B123, with a photo ID.

**Note:** Many areas of BCC TODAY are only available to fully registered BCC students, faculty, and staff

4. Once logged into BCCToday, click the **MyCourses** tab.
5. In the section for the current semester, click on the link to your WebCT course.
