All students are expected to leave all college buildings at 10:00 p.m.

An exception to this procedure exists if the students are with a college teacher/advisor/coach and engaged in a college activity.

A further exception is if the students are not with a college teacher/advisor/coach but have a single date specific permission note from the appropriate person to remain in the building. (For example, the newspaper advisor, the theater director, the SGA advisor, etc.) In such cases, the permission to remain in the building is only up to 11:00 p.m. No permissions are granted beyond that time.
