Your Voice Matters

A. Faculty Senate: SG represents rest of campus -Can we have one? How?

COI represents faculty now; get feedback; send an email on what COI would like to see;

Instead of reinventing the wheel - look at other campuses that have both (faculty/academic) other- Non-faculty

Pedagogical issues come up a lot; non-faculty do not say much; faculty only makes sense.

In Your Voice Matters - said faculty have no mechanisms to address across campus. (push for faculty senate).

Only faculty voices in bargaining unit only - not really faculty

Teaching platform across campus for Pedagogical

Restructure committee - all for it - who should be sitting on the group - teachers only - no administration (a bad idea)

Policy topics:

No space for faculty (not entirely accurate/ academic committee / curriculum committee - not being used effectively.

College Assembly

VP, president representation from all across campus - not working as it should

Bring COI and CAI together as college assembly:

Have a few proposed models - who is sitting- election: bring something back to college assembly with an idea.

B. Foundations to creat campus wide employee recognition not to replace any other event.

VIP - Very Inspirational Person - all nominations from peers across the campus.

Set up the program - will be ongoing basis (each month compile all nominations (wufoo form)

Offer a shout out - anonymous - why this person being recognized.

Recognition only: surprise with a token/gift - picture taken, brief statement.

There are 8 nominations already since yesterday (April 13, 2022)

Lots of stories of goodness/hope.

Have a website with all people nominated to look at for publication- good news.

This may help with recruitment overall - students/employees. This is not the Spirit Award - everyone is a winner.

Student Assembly has suggestion boxes across campus.

Don't do too much at one time - see how the recognition goes (REMOVE FROM AGENDA - ALL IN AGREEMENT)

### **New Business**

Animals on campus (share update with staff) - this is going to be revisited in the future. There is a culture shift people to expect it more.

Wording needs to be changed regarding premises (i.e. athletic fields, etc)

Brittney will check on what premises means

What is a dangerous animal - who decides: what are the parameters and who makes decision on what is dangrous.

Companion Animal - what is it? Not clear on policy.

Rules for service animals

1, Law: Emotional support - are not subject to fair housing

Looking for feedback or endorsement? (Checking with Dr. Ross-Scott)
