**EMMO Update**

Active county case numbers are down. There will be testing today in Decker Health Science building for Students going to clinicals, Dental Hygiene students will be next Tuesday. More information has come from SUNY regarding 100% on-campus testing. The spring reopening plan will be updated and submitted. Mr. Brey will respond to SUNY that college will make every effort to do 100% faculty, staff and students every week. Student Village will be tested on Monday and Tuesday. The college testing will be held in the West Gym for February. The challenge will be when athletics start in March. Mr. Brey is coordinating with the Health Services office to do testing. More information will be coming. Mr. Brey reported that the County knows on Tuesday's what they will be receiving for vaccinations. Their goal for next week will be Wed/Thur/Fri, but they won't know until next Tuesday how many vaccines they will have. Mr. Brey has concerns about the wording in SUNY's new mandates regarding testing regularly on-campus staff/faculty. Dr. Drumm will encourage everyone to test as much as possible. There will be multiple outlets to get information out to the campus.
