 - **It's changing every minute, housing is allowing students to stay, there are no changes there. Residents can either stay or go home, if they leave permanently, they must leave their keys, and cannot come back. Student travel is strongly discouraged, but not banned. There are massive amounts of concerns and confusion. There has been confusion and misinterpretation regarding this situation. Since the situation is changing so quickly, no one has any solid answers. Shelli will be sending emails out to all clubs with upcoming events reminding them of the new participation threshold (50-100 people). Please do not travel to virus hotspots. Keep in mind that any travel will put yourself and others in danger. Travel is not banned, but is *strongly* discouraged. Campus itself will remain open- counseling, library, tutoring, dining, etc. Most classes will be moved online with the exception of classes requiring special equipment. Refunds for partial stay in dorms are currently being examined by the governor. Graduation ceremony will be decided on May 1st.
